## **Introduction**

In accordance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act* and the *Higher Education Opportunity Act*, White Earth Tribal and Community College (WETCC) monitors criminal activity for on-campus and off-campus sites owned or maintained by WETCC and/or recognized college organizations. WETCC documents a three-year statistical history of these incidents, which can be found at the end of this report, and provides the information and statistics to students and employees by electronic means, and to others upon request. You may view WETCC's statistics by going to the Department of Education's Security Statistics search site at [www.ope.ed.gov/security](http://www.ope.ed.gov/security) or [www.wetcc.edu](http://www.wetcc.edu). WETCC has a variety of policies and procedures relating to campus security and reserves the right to modify them or adopt additional policies or procedures at any time without notice. Such changes will appear in successive issues of this report.

The Security Officer or their designee will respond to all requests for service and assistance; in the absence of the Security Officer, the Director of Development should be contacted or one of the other staff members listed above can assist you.

Although WETCC has full-time staff to assist with Security, none of the staff members are members of a law enforcement agency. In the event of a life-threatening emergency, or any apparent crime in progress, persons are strongly encouraged to immediately and directly contact appropriate police, fire or medical assistance by calling: 9-1-1.

Criminal activity can be reported to the White Earth Tribal Police Department at: 218-983-3201, the WETCC Security Officer and/or a member of Cabinet. Campus reporting normally requires a written report from someone to begin the investigation process. WETCC also usually needs the assistance of the complainant in the disciplinary process against the accused. WETCC will make exceptions to a written report when necessary, including cases presenting clear and immediate danger to an individual or the College community. Written reports must be filed with the Security Officer.

WETCC will issue an annual report of crimes occurring on and around campus that are made known to campus personnel and students. This report is available on the WETCC [website](#) found under Student Life – Safety Information. Requests for additional information regarding this report can be made by contacting the Security Officer or the Development Director at 218-935-0417. The statistics in this report follow the uniform crime reporting procedures of the Federal Bureau of Investigation. These statistics should be

considered in relation to the occurrences of crime in society in general and college demographics.

The Security Officer and/or Director of Development serve as primary contacts with all law enforcement agencies for safety and security issues occurring on campus. When an incident occurs, the Security Officer will determine if any concerns should be communicated to the campus community and if necessary, the means of that communication. The following media are used to inform the campus about safety and security issues, to report to the campus community crimes considered to be an immediate threat to students and employees, and to encourage students and employees to be responsible for adhering to stated security procedures and practices: email, Facebook, text alerts and/or telephone calls.

The college will assist the individual in completing criminal reports. WETCC strongly encourages victims to file complaints and written reports of all crimes in a prompt manner.

Victim support is available from professionally trained staff of area resources. In appropriate cases, reports will be shared with the Academic Dean and/or Dean of Student Services who will also assist the White Earth Tribal Police Department and WETCC with investigations when requested.

The Security Officer, Director of Development, or another member of Cabinet can accept reports of criminal activity occurring to or caused by persons involved in college sanctioned functions and groups off-campus' locations. Such incidents are included in the College's annual report and may be addressed on and/or off-campus. Complaints received by Cabinet Members must be reported to the Director of Development or Security Officer promptly.

### **If you are a victim of a crime or witness a crime**

1. Call the White Earth Tribal Police Department at 911 for any emergency including medical emergencies, fires, suspicious people or activities, crime reports, traffic accidents, or other illegal activities.
2. After the police have been contacted a report should also be filed with the Security Officer at, 218-935-0417 ext. 120 or the Director of Development at 218-935-0417 ext. 228
3. Write down as much information as you can remember after a crime. If you cannot identify the perpetrator by name, try to recall as many details as possible about the offender(s):
  - Gender
  - Approximate age
  - Height
  - Weight/build
  - Description of face (eye color, hair color/style, jaw, nose, facial hair, glasses, etc.)
  - Dress/clothing
  - Distinguishing marks (scars, tattoos, etc.)
  - Voice
4. Attempt to obtain a description and license number of any vehicle involved. Note the direction taken by offenders or vehicles and report those to law enforcement and the internal staff designated above
5. Preserve the crime scene: Do not touch any items involved in the incident. Close off the area of the incident and do not allow anyone in the crime area until the Security Officer or police arrive.

When necessary to protect the victim's identity in sexual assaults, the Security Officer or Director of Development will accept third-party reports. Whenever possible, we prefer to receive reports directly from the victim, as the detail is often more accurate.

It is important to maintain all physical evidence; do not risk losing critical evidence. Anyone who become aware of an allegation of violation of College policy, student code of conduct or civil or criminal law should report the allegation to their supervisor and the Security Officer.

Supervisors and Cabinet members are responsible to report any perceived, potential, or real criminal or safety activity of which they are aware to either the Security Officer and/or Director of Development. Staff should not attempt to investigate but should instead report and allow authorized personnel to investigate.

## **WETCC Response to Reports**

1. All allegations will be investigated. These investigations may be made in conjunction with the local law enforcement agencies.
2. Reports will be classified by the Security Officer in conjunction with the appropriate police agency according to the FBI Uniform Crime Reporting Definitions.
3. When alleged perpetrators are identified as students, the case will be forwarded to the Dean of Student Services to assist with investigation and take appropriate action. Criminal investigation, arrest and prosecution can occur independently, before, during or after the campus process.
4. WETCC will issue a **timely warning** to members of the campus community in cases where the Security Officer or Director of Development (or their designee) determines there is a continuing threat to the campus community. In such cases, warnings will be published throughout the campus text alert system and email.

## **Policies Concerning Safety of & Access to Campus Facilities**

WETCC personnel are here to assist you in protecting yourself by providing various safety and security communication; however, only you can protect yourself by being aware of your surroundings and taking appropriate steps to prevent crime.

### Protect your valuables/property:

1. Do not loan your keys to anyone - even a classmate or a friend. They may not be careful with them and may misplace them, giving the wrong person access.
2. Do not leave your keys lying around in public places or in your jacket pocket when you are not wearing it.
3. Do not put your name or address on key rings as they may be used to steal your property if found by the wrong person.
4. Personal property (purses, briefcases, calculators, etc.) should never be left unattended. Take such items with you if you are leaving the office or classroom.
5. Lock your door whenever you leave your room or office. Always lock your car doors.
6. Protect all valuables in your office. Do not leave valuables in plain view.
7. You are encouraged to open savings or checking account rather than carry large sums of money. If you open a checking account, remember the number of the last check written. The theft of a single check can go undetected until a bank statement discloses a forgery.
8. Park your bike where you can keep an eye on it if possible. Always lock your bike. There are several good anti-theft devices available. Case-hardened heavy locks and chains afford the best protection.

### Protect your automobile:

1. Always lock your car doors and never leave your keys in the vehicle.
2. Try to park your car in a well-lit area.
3. Avoid leaving property where it is visible.

### Protect yourself at night:

1. Avoid walking alone at night.
2. Refrain from taking shortcuts, walk where there is plenty of light and traffic.
3. Call for an escort.

### Protect yourself walking and jogging:

1. Avoid walking and jogging alone after dark.
2. Walk along well-lit routes.
3. Be alert to your surroundings. If you suspect you are being followed, run in a different direction, go to the other side of the street and yell for help, or head quickly for a lighted area or a group of people.
4. Have your keys ready when returning to your car, home, or apartment and keep your personal or valuable items concealed and close to your body.

### Help us protect you:

1. Watch for suspicious persons in and around campus buildings and in parking lots. Do not pursue them. Call Campus Security at 218-935-0417, ext. 120 or 9-1-1 immediately.
  - a) Suspicious activity:
    - i. If you see any suspicious activity or people on or near campus, call the Security Officer or report it to a Cabinet Member immediately. Do not assume that what you observe is an

- innocent activity or that it has already been reported.
  - ii. Do not assume the person is a visitor or campus staff member that you have not seen before.
- b) Suspicious people may be:
  - i. Loitering about at unusual hours and locations; running, especially if something of value is being carried.
  - ii. Exhibiting unusual mental or physical symptoms. Person(s) could be under the influence of drugs or otherwise needing medical or psychiatric assistance.

## Community Notification of Sexual Offenders

In 1996 the Minnesota Legislature passed the Community Notification Law (Minnesota Statutes 244.052) that permitted the release of information about certain offenders in Minnesota. The intent of the legislature was as follows: "If members of the public are provided adequate notice and information about an offender's release, the community can develop constructive plans to prepare themselves." Prior to this law, law enforcement agencies, and others knew the information regarding predatory offenders within the criminal justice system, but beyond those agencies and individuals the information about offenders was classified as either private or confidential.

Community Notification allows some information about some offenders to be converted from private or confidential information to public information. In Minnesota the amount of information, and the scope of individuals to whom information is released, is indicated by the risk level assigned to the offender by an End of Confinement Review Committee (ECRC) established by the notification law, and operated by the Department of Corrections (DOC). The higher number risk level assigned to the offenders, the more information can be released, and the broader the audience that will receive that information. Law enforcement agencies where the offenders reside have the responsibility for the notification of their communities under this law.

**Information regarding sex offenders in Minnesota can be found by contacting your local law enforcement agency or: <https://coms.doc.state.mn.us/publicregistrantsearch>.**

# EMERGENCY GUIDELINES

## Designated Lead

In any emergency (or drill) situation, the Security Officer will work in conjunction with WETCC President or (Tier 1 Leader) to assess the situation. In the event of an emergency, the local Fire Department or Law Enforcement agency shall serve as the lead agency regarding the incident when present. All students and staff are required to follow the instructions of the Designated Lead when emergency procedures are implemented.

Emergency agencies are provided with a map of the campus and the Campus security shall serve as a resource.

## Active Shooter

In the event of an active shooter on campus, an alert will be sent to notify you through our emergency notification system to go into lockdown.

### Profile of an Active Shooter

An Active Shooter is an individual actively engaged in killing or attempting to kill people in a confined and populated area; in most cases, active shooters use firearms(s) and there is no pattern or method to their selection of victims.

Active shooter situations are unpredictable and evolve quickly. Typically, the immediate deployment of law enforcement is required to stop the shooting and mitigate harm to victims.

Because active shooter situations are often over within 10 to 15 minutes, before law enforcement arrives on the scene, individuals must be prepared both mentally and physically to deal with an active shooter situation.

### How to Respond When an Active Shooter is in Your Vicinity

Quickly determine the most reasonable way to protect your own life. Remember that students and campus visitors are likely to follow the lead of faculty and staff during an active shooter situation.

## Run (Evacuate) - Hide - Fight (Take Action)

### 1. Evacuate

If there is an accessible escape path, attempt to evacuate the premises. Be sure to:

- Have an escape route and plan in mind
- Evacuate regardless of whether others agree to follow
- Leave your belongings behind
- Help others escape, if possible
- Prevent individuals from entering an area where the active shooter may be

- Do not attempt to move wounded people
- Call 911 when you are safe

## 2. Hide Out

If evacuation is not possible, find a place to hide where the active shooter is less likely to find you. Your hiding place should:

- Be out of the active shooter's view
- Provide protection if shots are fired in your direction (i.e., an office/classroom with a closed and locked door)

If the active shooter is nearby:

- Lock the door
- Blockade the door with heavy furniture
- Silence your cell phone and/or pager
- Turn off any source of noise (i.e., radios, televisions)
- Hide behind large items (i.e., cabinets, desks)
- Remain quiet

If evacuation and hiding out are not possible:

- Remain calm
- Dial 911 and campus security at ext.120 if possible, to alert police to the active shooter's location
- If you cannot speak, leave the line open and allow the dispatcher to listen

## 3. Fight (Take Action)

As a last resort, and only when your life is in imminent danger, attempt to disrupt and/or incapacitate the active shooter by:

- Acting as aggressively as possible against him/her
- Throwing items and improvising weapons
- Yelling
- Committing to your actions

What to Expect When Law Enforcement Arrives:

Law enforcement's purpose is to stop the active shooter as soon as possible. Officers will proceed directly to the area in which the last shots were heard.

- Officers usually arrive and form teams and assess the situation
- Officers may wear regular patrol uniforms or external bulletproof vests, Kevlar helmets, and other tactical equipment
- Officers may be armed with rifles, shotguns, handguns
- Officers may use pepper spray or tear gas to control the situation
- Officers may shout commands, and may push individuals to the ground for their safety

**How to React When Law Enforcement Arrives:**

- Remain calm, and follow officers' instructions
- Put down any items in your hands (i.e., bags, jackets)

- Immediately raise hands and spread fingers
- Keep hands visible at all times
- Avoid making quick movements toward officers such as holding on to them for safety
- Avoid pointing, screaming and/or yelling
- Do not stop to ask officers for help or direction when evacuating, just proceed in the direction from which officers are entering the premises

**Information to provide to law enforcement or 911 operator if and when asked:**

- Location of the active shooter
- Number of shooters, if more than one
- Physical description of shooter/s
- Number and type of weapons held by the shooter/s
- Number of potential victims at the location

The first officers to arrive to the scene will not stop to help injured persons. Expect rescue teams comprised of additional officers and emergency medical personnel to follow the initial officers. These rescue teams will treat and remove any injured persons. They may also call upon able-bodied individuals to assist in removing the wounded from the premises.

Once you have reached a safe location or an assembly point, you will likely be held in that area by law enforcement until the situation is under control, and all witnesses have been identified and questioned. Do not leave until law enforcement authorities have instructed you to do so.

**Lockdown Procedures**

A lockdown of building(s) on campus is an emergency procedure intended to secure and protect the WETCC students, faculty and staff from an immediate threat of violence or harm. An immediate threat of violence MAY include, but is not limited to, a person near campus with a weapon, or significant law enforcement action in the area adjacent to campus. This action might be necessary when an evacuation would not be appropriate.

- Remain calm;
- Remain indoors, e.g. your office or classroom. You are not allowed to leave the building unless an all clear has been sounded;
- If not in your typical surroundings proceed to a room that can be locked;
- When directed, close and lock all doors. If it is not possible to lock the doors, place furniture and equipment in front of them to barricade them. Some doors open out into the corridor. In this situation, use whatever means possible to try to restrict entry to the room, including placing furniture and equipment in front of the door, or using a belt or other item to tie the door handle to something stable.
- Turn off all lights;
- Occupants should be seated below window level, away from windows and doors;

- Remain silent;
- Turn off all radios or other devices that emit sound;
- Silence cell phones;
- If gunshots are heard lay on the floor using heavy objects, e.g. tables, filing cabinets for shelter;
- If safe to do so, turn off gas and electric appliances, e.g. heater, fan, coffee maker, gas valves, lights and locally controlled ventilation systems, e.g. air conditioner. Use phones only for emergency notification to 911.

## **Take Shelter**

Shelter Procedure:

- Hazardous-material spill, a major weather event.
- Do not shelter in open areas such as hallways or corridors. When directed go to the nearest bathroom location.

## **Disturbance**

If you observe threatening disturbance, follow these steps:

- If the disturbance is endangering faculty, staff or students, dial 911 and report the incident with specific location information (building and room).
- Dial ext. 100 and report the incident with specific location information (building and room).
- Reception staff will inform security and other staff and faculty as needed
- Limit staff and students from entering the area.
- Security personnel will report to the identified area.

If it is a minor disturbance:

- Dial ext. 100 and report the incident with specific location information (building and room).
- Security personnel will report to the identified area.

## **Fire and/or Explosion**

Fires and/or explosions require a swift evacuation of all students and faculty members. Drills are an important part of fire safety. An important part of fire safety is also the safe storage and handling of all flammable materials.

### **First Report:**

In case of a fire, the individual should notify campus Faculty, Staff or Security Officer, pull the fire alarm, located at various locations as indicated on the building maps. It is the responsibility of Faculty, Staff and Security to contact the local Fire Department by calling 911 upon learning of a fire. Campus Security should be contacted immediately after any calls to 911 have been made.

### **Evacuation:**

When the alarm sounds, evacuation (mandatory) is to begin immediately. Security will respond to the area and assist in evacuation. Faculty and staff will follow the evacuation routes and assignments posted near classroom doors. Evacuation areas are as follows:

Evacuate following posted route if the fire is in the Main Campus Building:

- **NORTH WING – Go to the grass area on northwest side of the Property**
- **SOUTH WING – Go to the front of the Extension Building Garage**

Evacuate following posted route if the fire is at the Extension Building or Biminizhaangibawaajican

- **EXTENSION BUILDING – Go to the Drum Hall**
- **BIMINIZHAANGIBAWAAJIGAN – Go to the Shopko parking lot**

### **Faculty and Staff Supervisors' Responsibilities:**

- Will ensure that their students and staff are safely evacuated. In leaving, doors are to be closed, but not locked.
- Will take roll in the evacuation area and notify the Campus staff in charge or security if any students or staff are not present.
- Will report to the safety committee during planning and drills for their evacuation assignment. Students will remain in their class grouping, Supervisors will stay with staff, unless otherwise directed by a member of Security.
- Faculty will remain responsible for their class and Supervisors responsible for their staff until the all clear is given.

### **All Clear:**

The Security Officer, in conjunction with the President, shall give the "ALL CLEAR" to return to the building once the building has been cleared for occupancy. In the event the building cannot be occupied, the President shall determine action to be taken.

### **Assessment of Damage:**

Campus President, Security Officer and facilities manager will confer with the Emergency Agencies and determine to what extent the campus requires closure and which buildings may be re-occupied.

***IMPORTANT: After any evacuation, report to your designated assembly area. Stay there until an accurate head count is taken and the all clear is given.***

### **Tornado/Severe Weather Emergency Procedures**

When a severe weather statement is issued for Mahnommen County, or the city of Mahnommen, the following steps are implemented:

- Staff will notify other Staff, Faculty and Students of the Severe Weather.
- There is no safe place from a tornado. The following areas are designated tornado shelters: ALL RESTROOMS (See map for recommended areas in your building.)

**Tornado Watch:** Conditions are right for a tornado to develop in the area, and one should be on the alert for further weather developments.

- Familiarize yourself with the primary and secondary safe area locations and the emergency routes as indicated on the floor maps.
- Tornado Watch will be announced to each department through telephone, intercom, or voice.
- Depending on the severity of the weather, the watch period should be used to prepare for an easy transition into designated shelter areas. Review Tornado Warning Procedures.
- An announcement will be made by WETCC Security Officer or WETCC Staff to advise when the tornado watch is discontinued.

**Tornado Warning:** A tornado has been sighted or indicated by radar, usually within a ten-mile radius of our location, and the following emergency procedures will be carried out to ensure safety.

- When a Tornado Warning has been announced to each department through telephone, intercom, or voice remain calm but take immediate action.
- Personnel should walk, not run, to the designated area.
- Close the doors of each room as they are evacuated.
- Do not open windows in the building.
- Do not attempt to leave the building.
- Avoid all glass areas, doors, and entrances.
- As severe weather clears and the “All Clear” announcement is made by the National Weather Service, a verbal announcement will be made throughout the building by the WETCC Security Officer or WETCC Staff.
- Notify your Supervisor, Maintenance, and/or Security in the event of injury to individuals or damage to the building.

**After the disaster or emergency:**

- Use extreme caution in entering or working in buildings that may have been damaged or weakened as they may collapse without warning.
- Be aware of the possibility of gas leaks or electrical short circuits. If detected, notify the WETCC Emergency Response Team who will call Gas Company, Electrical Company, the Police, or Fire Department. Don’t go back into the building until the WETCC Security Officer gives the OK. The Security Officer will give the ok after the Gas Company, Electric Company, Police Department and Fire Department have all given the go ahead to enter.
- Stay away from fallen or damaged electrical wires.

## Bomb Threat

- If you hear of, see a suspicious package, or suspect a bomb threat, inform WETCC staff immediately.
- Any staff or faculty member receiving the call should fill out and follow the Bomb Threat Check List.
- WETCC Staff will call 911 and begin to evacuate the buildings immediately and wait for further instructions.
