      would be good to bring them to Cabinet for review before they are presented to
      COT. Brent suggested preliminary Financial Statements be presented for the
      previous month and then they can be presented for approval in the next month.
      This would result in two Financial Statements in each monthly COT Meeting, one
      would be preliminary and one would be ready for approval.

Motion by Dean to follow Brent’s suggestion and present preliminary financial reports one month
and then approve them the next month after Cabinet has a chance to review and make
