      i. The minutes of the Regular Meeting held January 14, 2020 was reviewed. Motion to approve the minutes as submitted by Brent, second by Joan, Motion approved 5-0.

LeAnn joined the meeting at 2:06

B. FY19 Audit Presentation. Brian - Brady Martz. Brian went over the whole packet and presented a high level overview of the audit and how the audit went overall. Brian explained that there is a swing that can go up or down based on our history with students, but there have been no difficulties. A few adjustments were made on the last page by Eric Flyen (Former Director of Finance). Brian explained the process of the audit and what they are looking for when they conducted the audit. The independent auditors report is unmodified, considered a clean audit with a good opinion. The first audit financial statement provides the net position and Brian explained the financial statement. The college has $7.6 million of equity. There was a positive change of net position from last year. The Federal revenues were down slightly this year. There are reserves built up for the health of the college as a whole. Brian explained the cash flows and the net cash flow and changes of $675,000 which are subject to changes and can flipflop throughout the year. Depreciation is noncash. Brian went through the notes on the financial statements and the accounting policies and numbers that support the financial statements. The governmental regulations were reviewed for auditing requirements. Brian explained it is common that entities our size would have a comment about the segregation of duties. A single audit was required because we have over $700,000 in federal awards, mainly the Title III grant. No issues were found and overall a good audit. Discussion was held on the segregation of duties, strong checks and balances, separating all steps within the accounting processes. Motion to accept the audit as presented by Dean, second by Joy, Motion approved 6-0.

C. Financial Statements:

   i. Gina Murray presented the January Financial Statements. Eric Flyen assisted with the report for January. Payroll was higher this month due to three payrolls in the month, but the BIE operating funds came in, so that helped. We had a few scholarships checks come in. Pell disbursement are going out so tuition and books
