and WHITE EARTH TRIBAL AND
COMMUNITY COLLEGE

This Memorandum of Understanding ("MOU") is made this 4th day of December, 2020 by and between St. Cloud State University (St. Cloud State), St. Cloud, Minnesota, and White Earth Tribal and Community College ("WETCC"), Mahanomen, Minnesota. This MOU represents the understanding of the undersigned parties ("the Parties") with respect to academic, and workforce training collaboration.

I. Purpose

WHEREAS, St. Cloud State University and White Earth Tribal and Community College are collaborative partners for higher education and workforce development, sharing a history of cooperation that both Parties wish to build on; and,

WHEREAS, the Parties are committed to promoting economic development, through education and workforce development, in order to meet industry demand and keep the best and brightest of our students in Minnesota,

Now, therefore, the Parties agree as follows:

St. Cloud State University and White Earth Tribal and Community College, in recognition of their continued collaboration, agree to establish a program that allows WETCC students dual admission to St. Cloud State while enrolled at WETCC.

II. Scope of Agreement

The Parties wish to explore the development of areas of cooperation including but not limited to programs of study, transfer programs, and related services offered by either institution and deemed mutually desirable and feasible by the Parties. This MOU outlines the intentions of the parties with specific program arrangements outlined in separate attachments. Programs including Articulation Agreements, Dual Education Programs, and Joint Educational Programs are subject to review by St. Cloud State's and WETCC's HLC Liaison for compliance with accreditation standards.

III. St. Cloud State -WETCC Dual Admissions Program

St. Cloud State and WETCC will provide eligible students an opportunity to be dually admitted in both institutions under the dual admissions program. The dual admissions program allows WETCC students who meet the defined prerequisites to be admitted at St. Cloud State after completing 24 or more transferable credits at WETCC. WETCC students transfer to St. Cloud State as a junior after completing their AA degree. In the transition period, typically the second year at WETCC, students enrolled in the dual admissions program are provided limited access to student activities with other St. Cloud State students attending St. Cloud State classes. The parties have outlined the specific components of the program, including detailed roles and responsibilities, in Attachment A.

IV. Proprietary Information

During the course of their collaboration, the Parties, to the extent of their rights, may exchange proprietary and confidential information if they mutually desire to do so. The rights and obligations of the Parties with respect to the exchange of proprietary and confidential information would be defined pursuant to a separate Non-Disclosure Agreement (NDA) signed by the Parties.

V. Intellectual Property

If either Party finds that an activity undertaken pursuant to this agreement may result in the creation of intellectual property or may require the sharing of proprietary information, the Parties agree to negotiate separate agreements to address those matters as covered by Minnesota State policy. Neither Party shall construe any part of this MOU as an endorsement of the products or services of the other.

VI. Term and Termination

Either Party may terminate this MOU by providing sixty (60) days written notice to the other Party. Where specific initiatives have been contracted, the contract will supersede this MOU for the purposes of the specific initiative. This MOU will be reviewed every three years.

VII. Rights and Duties

Development of specific programs or other agreements will be contingent on mutual consent, availability of funds, and approval of each institution. This Memorandum of Understanding is not a contractual obligation between the two Parties, and in no way shall conflict with, modify, or negate clauses of any contracts which have been or are to be negotiated between the Parties. Each Party will bear all costs, risks, and liabilities incurred by it arising out of its obligations and efforts under this MOU.

This MOU is entered into on a non-preferential basis, and either Party may undertake similar MOUs with other entities on a non-preferential basis. ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Minnesota State Colleges and Universities (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
