5. Procedures

A contract agreement is needed when a service will be performed in the future, often for a multiple set of dates, with payment to be disbursed after the agreement is complete or as agreed upon in the contract agreement. The agreement requires both the signature of the service provider and the WETCC Representative as stated below. A W-9 (Request for Taxpayer Identification Number and Certification) forms will need to be filled out and submitted to the Finance Department with the Contract.

WETCC Representative/s must approve contract prior to issuance to service provider. This approval is as per the following:

- Cabinet Members are the only staff authorized to enter into an external contract for services under \$1,000.

- The President has the authority to approve and sign external service provider contracts in instances when the total contractual fees amount is between \$1,000 and \$19,999 in total for all expenditures related to external fees for services. No contract with the dollar amount between \$3,000 and \$19,999 is valid without the President's signature.
- Any vendor contract exceeding \$20,000 in a calendar year must also be approved by the BOT.
 - If exceeding \$25,000 AND federal funds are to be used to finance the purchased good(s) or service(s), prior to submitting the request to the BOT, the requestor will review the electronic roster of debarred companies and individuals within the [federal System of Award Management \(SAM\)](#) to document that the company or individual receiving the bid is eligible to receive federal contracts.
